

Amerinet Quality Solutions

Improve Every Aspect of Your Quality and Patient Safety Program

Amerinet Quality Solutions offers various tools and resources to help your organization control costs and improve processes to provide quality and safe patient care.

Our Value – Tools

- **Amerinet Quality Solutions Toolkits** contain clinical education, best practices, Amerinet supplier solutions, educational podcasts, and much more on specific Serious Reportable Events and other patient safety topics. Available on our public website, these toolkits are to be utilized as a supplement to your current processes to improve quality and patient safety.
- **Amerinet QualityScoreSM** is an on-site quality assessment focused on providing a proactive evaluation regarding HCAHPS patient experience, Core Measure performance, operational quality, patient safety, regulatory compliance and improvements in clinical outcomes. After a consulting evaluation is completed, receive a customized on-site quality report and regulatory compliance assessment report, as well as an action plan identifying opportunities for improvement for your facility.
- **Amerinet QualityTouch Newsletter** captures the latest information on quality and patient safety topics to help you stay educated on current issues in the industry.

Our Value – Resources

- **The Dartmouth Institute for Health Policy & Clinical Practice** is a preeminent research and educational institution dedicated to improving healthcare. Amerinet utilizes our relationship with The Dartmouth Institute to provide you with the most up-to-date information on healthcare reform and Accountable Care Organizations (ACOs).
- **Amerinet QualityShareSM** is a national collaborative of quality, patient safety, risk management, regulatory affairs and nursing executives. Members share knowledge and build consensus on quality and patient safety issues during an annually sponsored meeting and throughout the year via a LinkedIn group.
- **Continuing Education** opportunities are available through an on-site program developed and delivered by an Amerinet Quality Solutions team member. In addition, **Inquisit[®]**, Amerinet's strategic education partner, offers numerous courses with very specific information on quality and patient safety topics. Link to timely information and earn continuing education credit at the same time.

“The outcome of the Quality Assessment visit provided by Amerinet was outstanding. Amerinet presented our team with excellent feedback, identifying Joint Commission standard driven improvements for our hospital and patients. The interactive, thorough survey process was effective to build our team to prepare for upcoming regulatory visits, and to maintain safe patient care at all times.”
