	Culinary (Chef)	ACF

Description:

Managing the Green!

It can be confusing, this talk of green! Learn more about aspects of environmental responsibility with regard to things we take for granted, like office supplies. It's more than just paper and ink. Come away with ideas for building a "green" office supplies program. And, with increasing regulations around obsolete electronics, learn more about disposing of these tools efficiently and responsibly. Listen to an industry leader who can teach you how to manage this process.

Objectives:

- Identify commonly used criteria for environmental preferability
- Identify environmentally preferable products
- Review environmentally responsible electronics recycling and why it's important
- List of state regulations regarding asset disposal
- List requirements for proper asset disposal
- Discuss Asset Disposal Services - what to look for in a partner

Speakers: **Sue Mills, Director, Environmental Practices, OfficeMax**
Miranda Monahan is CEO and President of M-PowerTech, LLC

Sue Mills originated and directs the company's environmental responsibility program. Additionally, Ms. Mills leads the corporate social responsibility reporting initiatives. She worked for International Paper (IP) and Champion International Corporation as Director of

Environmental Affairs, was the Assistant Dean and Director of Undergraduate Programs in the College of Business Administration at the University of Cincinnati, a faculty member at Old Dominion University, and an academic advisor at the University of Vermont. Ms. Mills holds an undergraduate degree from DePauw University, a master's degree from the University of Vermont and an Executive MBA from the University of Cincinnati.

Miranda Monahan is CEO and President of M-PowerTech, LLC, an asset disposition company specializing in environmentally sound recycling, resale/ refurbishment of end-of-life IT Equipment, and data destruction, frequently consulting with OfficeMax customers. She was formerly the Sales Director for asset disposition, ASI System Integration, developing new programs for ASI's clients including a retail take back program. She has also worked for Hewlett Packard as a Commercial Account Executive. Ms. Monahan sits on the Product Stewardship Adjunct Council and is a member of the Council on the Environment of New York City. Ms. Monahan has a degree in Business Communications from Colorado University.
